Child & Family Service (CFS) is a 100% local nonprofit "born" in Hawaii in 1899 with a mission to strengthen families and build healthier communities. For over 125 years, CFS has been a trusted partner for individuals and families in need, offering more than 50 programs across every island that focus on healing trauma, supporting keiki and kupuna, empowering youth, and guiding people toward self-sufficiency.

While government funding covers the basics, private donations play a vital role in expanding access, enhancing services, and introducing innovative, culturally responsive models like Transition to Success®, which treats poverty as a condition that can be overcome. CFS also leads in trauma-informed care, with all staff trained to recognize and respond to signs of trauma with compassion and expertise.

Every program at CFS is guided by results, driven by data, and centered on real-life impact. From everyday challenges to crisis situations, such as the Maui wildfires, CFS continues to walk alongside Hawaii's families, helping them heal, grow, and thrive for generations.

In addition to supporting CFS, your contributions help sustain this beloved annual tradition and will also support other charitable organizations and meaningful community initiatives throughout the year.
