Loan-to-Value (LTV) Guidelines

- Max LTV of 50% for refinance transactions
- Max LTV of 50% for agricultural-zoned properties 5 acres or more

Additional Guidelines For All Properties

- 2 years employment in the same field/position
- An assessment of borrower's ability to build on the property or payoff the land loan prior to maturity will include an evaluation of liquid assets, net worth and income capacity. A written "exit strategy" detailing the borrower's plans for the property and the payoff of the land loan is required.

Additional Guidelines For Agricultural-Zoned Properties

- Water and power must be available to the property
- Agricultural-condo projects will be reviewed to insure that density limits and any other project restrictions such as Farm Dwelling Agreements allow for the construction of a residential unit on all lots in the project
